Dear Sir:

In response to the Office Action dated August 6, 2002, please enter the following amendments and consider the following remarks.

AMENDMENTS

IN THE CLAIMS:

Cancel claims 6 and 7 without prejudice.

Replace the indicated claims with:

1. (Amended) A method of forming a porous medium comprising:  
applying pressure to a first portion of a medium precursor including inorganic particles;  
separately applying pressure to a second portion of the medium precursor; and  
sinter bonding the inorganic particles together to form a porous medium having a porosity of about 50% or more.
3. (Amended) A porous medium comprising:  
a porous sintered inorganic body portion having a first end and a porous sintered inorganic end portion closing the end of the body portion, the porous body portion and the porous end portion comprising a unitary structure and each portion having a predetermined porosity.
